<p>We recommend using the following websites for extra math practice: sumdog.com extramath.com factmonster.com mathletics.com</p> <p>Math Content that should be mastered coming into the following grades:</p>		
Adding and Subtracting Double Digits Regrouping Place Value through 1000 Time-minutes, seconds, hours Measurement standard units of length Knowledge of Fractions through models Money	Adding and Subtracting across 3 digits with regrouping Rounding to the nearest 10 or 100 Place Value through 100,000 Multiplication Table 0-12 Single digit divisor with a double digit dividend remainder & non remainder Model Fractions Money/decimals	Adding and Subtracting across 4 digits & beyond with regrouping, Rounding to the nearest 10, 100, or 1,000, Place Value through 100,000,000 and tenths & hundredths <u>Multiplication table should be memorized</u> Single and double digit divisor with 2 & 3 digit dividend and write remainder as a fractional part, model fractions, mixed numbers

Third Grade Suggested Summer Reading List

Note: The following books are only suggestions. Please feel free to add any books that are appropriate for your reader. The staff in the children's area of the public library will also have many wonderful suggestions for you.

Research has shown that the single greatest factor in predicting reading success is whether a child is read to when young. Here are some titles to get you started! Please note that the reading level of the books suggested varies. If your child is already reading, have him or her read a page of the book aloud to you to see if it is a good fit. If they struggle with more than a few words on the page, it is probably too difficult, but the book would still be a great book to read aloud to your child.

School Stories

- *Kirsten Learns a Lesson: A School Story* by Janet Beeler Shaw
- *Ramona Quimby Age 8* by Beverly Cleary
